Location: Morocco / China

CORE FOCUS

- Artificial Intelligence
- Systems & Cybersecurity
- Quantum Computing
- Research & Innovation

PROFILE SUMMARY

I obtained my baccalaureate with a good grade and I am currently building my skills through programming, research projects, machine learning exploration, cybersecurity practice, and quantum computing studies.

My long-term goal is to pursue a Master's degree in Artificial Intelligence followed by a PhD in Quantum Computing, with interest in AI, Quantum Systems, and Nanotechnology to help solve complex global challenges.

TECHNICAL SKILLS

Python

HTML / CSS

JavaScript

C / C++

SQL

Git & GitHub

UI Design

Problem Solving

Machine Learning

Cybersecurity

Quantum Studies

EDUCATION

Baccalaureate

2023

Morocco

Completed with a good grade and prepared for international study.

Language Year

2023 - 2024

China

Studied Chinese and reached HSK 3 level.

Software Engineering

2024 - Present

China University of Petroleum

LANGUAGES

- Arabic
- French
- English
- Chinese (HSK 3)

Currently a second-year Software Engineering student.

SELECTED PROJECTS

Python Pygame Full Game

Python / Pygame

Worked with a team to build a complete game using Python and Pygame, contributing to logic, structure, and gameplay features.

ISU Football Tournament Website

HTML / CSS / JS / SQL

Built a full website to manage and present football tournament information in a clean, organized, and user-friendly way.

Developer CV Portfolio Website

HTML / CSS / JavaScript

Designed and developed a modern one-page developer dashboard portfolio to showcase profile, skills, projects, education, and future vision.
